

2018 VET Teacher/Trainer-Educator Award – VET sector (TAE) programs Nomination Form

Introduction

This award recognises consistently high quality teaching/training practice in practitioners delivering from the Training and Education Training Package at Certificate IV and Diploma level. Applications will be assessed on the demonstration of professional excellence and achievement provided in the form. Teachers/trainers can self-nominate or be nominated by a supervisor. Self-nominations are to be endorsed by a supporter/verifier of standing.

Please see *Call for Nominations* for more information, including eligibility information. If you don't have the Call, please contact dsouth@csu.edu.au

Nominated Teacher/Trainer

Signature and date	

Nominated Teacher/Trainer – Opening Statement

Brief statement outlining your experience in delivering qualifications from the TAE, and a brief statement (100-200 words) of your approach to teaching in this discipline area.

Nominator/verifier – Statement of endorsement

Brief statement to confirm experience as claimed, and outlining applicant's expertise

How do you evaluate your teaching on the TAE Training Package? What have you found during these processes, and what have you done as a result? (200-300 words)

Attach a summary of formal evaluations if you wish. You may be asked to provide more detail.

What professional development do you undertake for your role as a VET teacher-educator? Please include past PD, and future plans. (200-300 words)

Selection Domains

The domains, or areas of teaching/training practice, are listed on p 4 below; and spaces for your responses are on p. 5. Your nomination should address the first domain (i.e. 'VET teaching for student learning') and **two others of your choice**. All comments must apply to your teaching in the TAE Training Package, not to any other areas of teaching that you do.

VET teaching for student learning

What teaching approaches do you use (in your teaching in the TAE)? How has your practice positively influenced the learning of your students?

You may wish to comment on:

- Examples of your teaching that can be shown to improve the learning of your students.
- Examples of changes to teaching practices across your organisation that you have implemented and have positively impacted on student learning.

Mentoring or professional development of others

The role of a teacher frequently extends beyond the delivery of program learning outcomes. A teacher is often a very influential person in a student's development, and/or of other teachers.

You may wish to comment on:

- Examples of positive impact on a TAE learner's career as a result of your mentoring.
- Example of professional development, related to the delivery of the TAE Training Package, for staff in your organisation.

Innovative use of technology in VET teaching in the TAE

You may wish to comment on:

- Innovative ways in which you have used technology to enhance learning for students.
- Innovative approach to using technology to assist with student management and administration.
- Technology to support assessment for remote students.

Innovation in TAE assessment

You may wish to comment on:

- Innovative assessment tasks you utilise in your teaching of the TAE Training Package.
- Examples, or models of innovative assessment practices you are teaching your students to use in their own teaching.
- How you meet the principles of assessment and rules of evidence in your teaching/training situation

Other domain of your own choice

Please name and carefully describe the domain, and explain your practice in this area
